Dear readers of intWOJDE

Dear readers of intWOJDE

We present our Volume: 9, Number: 1 issue to our valuable readers.

intWOJDE is planning to extend its readership by reaching every part of the world. The aim of our journal is to publish the works of academicians working in the field of "women and distance education". Book reviews, conference reports, cases, literature reviews, news items, editors' notes, announcements of conferences and publications and letters to the editor are also welcomed.

In this issue, we present an article prepared by Khalid ALFAWAZ, Mohammad YAMİN and entitled "An Empirical Study of Effectiveness of E-Learning in King Abdulaziz University". Aim in this article is to assess the effectiveness of the e-learning program offered by the King Abdulaziz University of Saudi Arabia. This study and conclusions are based on a survey of both male and female students utilizing this e-learning program.

We hope to stay in touch and wish to meet in our next Issue, 1st of October 2020.

Cordially yours
