**Piet KOMMERS** is associate professor in the University of Twente, The Netherlands. His actual interest is media, learning and visual communication. His Master study in 1980 formulated algorithms for adaptive learning. In his PhD study he questioned how conceptual representations may support the cognitive integration in learning. He was Scientific Director of NATO Advanced Research Workshop: "Cognitive Technologies" in 1989. From 1990 until now he was increasingly involved as partner and coordinator in European research projects in media based and continuous learning.

**His role in initiating higher education in Eastern Europe led to his UNESCO chair, followed by the award of honorary doctor by Capital Normal University in Beijing in 2000. From 2005 to 2007 he was part time lector at the aspect of "mobile learning" by Fontys University of Applied Sciences.**

**He is adjunct professor in the faculty of computer science in Joensuu University (Finland) and advisor in the ministry of Education in Singapore.**

**His publications stretch the fields of media, communication, education and lifelong learning, among six books and more than fifty proceedings and journals.**
